

2018 CAUX FORUM

Developing Human Potential
for Global Change

WHAT IS THE CAUX FORUM?

The annual Caux Forum through **conferences, training and dialogues** aims to inspire, equip and connect people, groups and organizations to build a just, sustainable and peaceful world.

Each year, in a **safe space of trust, care, solidarity and respect**, around 1,500 participants from civil society, government and business meet in a **true diversity** of ages, genders, cultures, sectors and beliefs which builds bridges across cultural, social and ethnic divides. The Caux Palace, a former Belle-Époque Grand Hotel overlooking Lake Geneva and the Alps, provides **a unique and inspiring setting**.

THE CAUX-IofC FOUNDATION

The CAUX-Initiatives of Change Foundation (CAUX-IofC) is the Swiss body of Initiatives of Change (IofC). IofC is a worldwide movement of people of diverse cultures and backgrounds, who are committed to the transformation of society through changes in human motives and behaviour, starting with their own.

Since 1946, CAUX-IofC has organized the Caux Forum in collaboration with the IofC network and its partners.

Caux Forum's unique approach

Time to Reflect

In today's fast paced environment, Caux offers the opportunity to slow down, to experience silence, and to reflect on what truly matters. The stunning view of Lake Geneva and the surrounding mountains provides a wonderful backdrop for inner listening and the search for wisdom.

Storytelling

Caux encourages individuals to share their own stories to inspire others. This personal exchange of experience and insight is common to all our main events, dialogues and training programmes. It has proved a powerful tool for enabling honest conversations, building trust and igniting personal inspiration and action.

Serving the Community

Participants are invited to contribute to the tasks involved in running the conference centre. This gives them a unique way to connect with each other in a more informal setting, places everyone on an equal footing and breaks down silos.

A visit to Caux is about **unlocking one's potential**: Caux encourages individuals, groups and organizations to reflect on their roles, explore their resources, and connect with their responsibilities as changemakers, on the principle that everyone can make a difference.

Caux is an astoundingly amazing place that offers a unique form of participatory learning and experience sharing and generates a level of interaction that enables individual transformation and empowerment.”
