## LIVING PEACE

Theme Song for women's 'Living Peace' conference  
Caux 2016

*(Verse 1)*

Together we sing out our vision

Of a world that is woven in peace

Each thread reconciled to each other

Creatively living as one

### *CHORUS*

We are women of courage

Women of strength

Women of joy living peace in our hearts

We are women of courage

Women of strength (*Last time time to Ending*)

Women of joy living peace in our hearts (*to 2<sup>nd</sup> verse*)

*(Ending)*

Women of joy living peace in our hearts

Peace.....Peace.....Peace.

*(Verse 2)*

Together we work to cease conflict

And nurture healing within

With compassion we build understanding

Collectively working as one (*to Chorus*)
